Dear Martin,

Moda Building, 144 Elliot Street – Office Fit-out

The design and fit-out of our offices at 144 Elliot Street have been a huge success, and our staff and clients continue to express their pleasure at the appearance of our new office premises.

When I think back to the 3 empty office floors spread over 33,000 square feet, and the transformation into the excellent facility that we now have, I can only express my thanks for the efforts and professionalism of your team in achieving the project objectives on time and within the initial budget costs (no mean achievement in this climate of continually rising costs).

On behalf of our Managing Director and myself, please pass on our appreciation to George, Calum, John and the rest of the team for providing us with such an excellent environment to work in.

Should you require us to provide any references etc, please do not hesitate to contact me.

Yours sincerely
for and on behalf of Anglo-Eastern Ship Management Ltd
