Martin Bell
Bell Building Projects Limited

Works undertaken for TNT UK Limited to date

Bell Building Projects have worked closely with TNT Real Estate and Property Services for over 10 years.

Projects have included the 'Design and Build' of new Depot facilities and tendered traditional works for major Depot/Warehouse extensions throughout the UK. Numerous small works projects have also been carried out over this period, though these have tended to largely be in Scotland and Northern England.

I have always found Bell Building Projects to approach projects in a professional yet amicable manner with focus on delivering projects on time & within budget in a fair and open project environment. I would have no hesitation in recommending Bell Building Projects.

Regards

Anthony D Pratt
Real Estate and Property Services Manager
